

I have ‘managed’ residencies [modes of hosting] into my art practice

My art practice is my life practice:

[Notes on a performance methodology]

I'm Todd, **Toddy**, Todd Lanier, or TLLester.

Artist, producer, administrator, manager (?), curator (sometimes), residency maker

Concerned with immaterial results; maybe material art-ifacts occur

~~Witch Spy (mama's boy / daddy's boy)~~

Soft farm boy □ tired nomad

Storyteller, political thinker, art historian on the outside of things, wallflower:)

New writer from old notes

el mejor karate (emk), graffiti tinkerer, joker

Farmer, former Res Artis board member, NOT good @ PPT

Oh yeah, invader of the artist residency part of the so-called art world!

timeline: 20-year series of themed* & coded© projects

freeDimensional* (2003-2012), *artist safety & shelter [int'l, rhizomatic]*

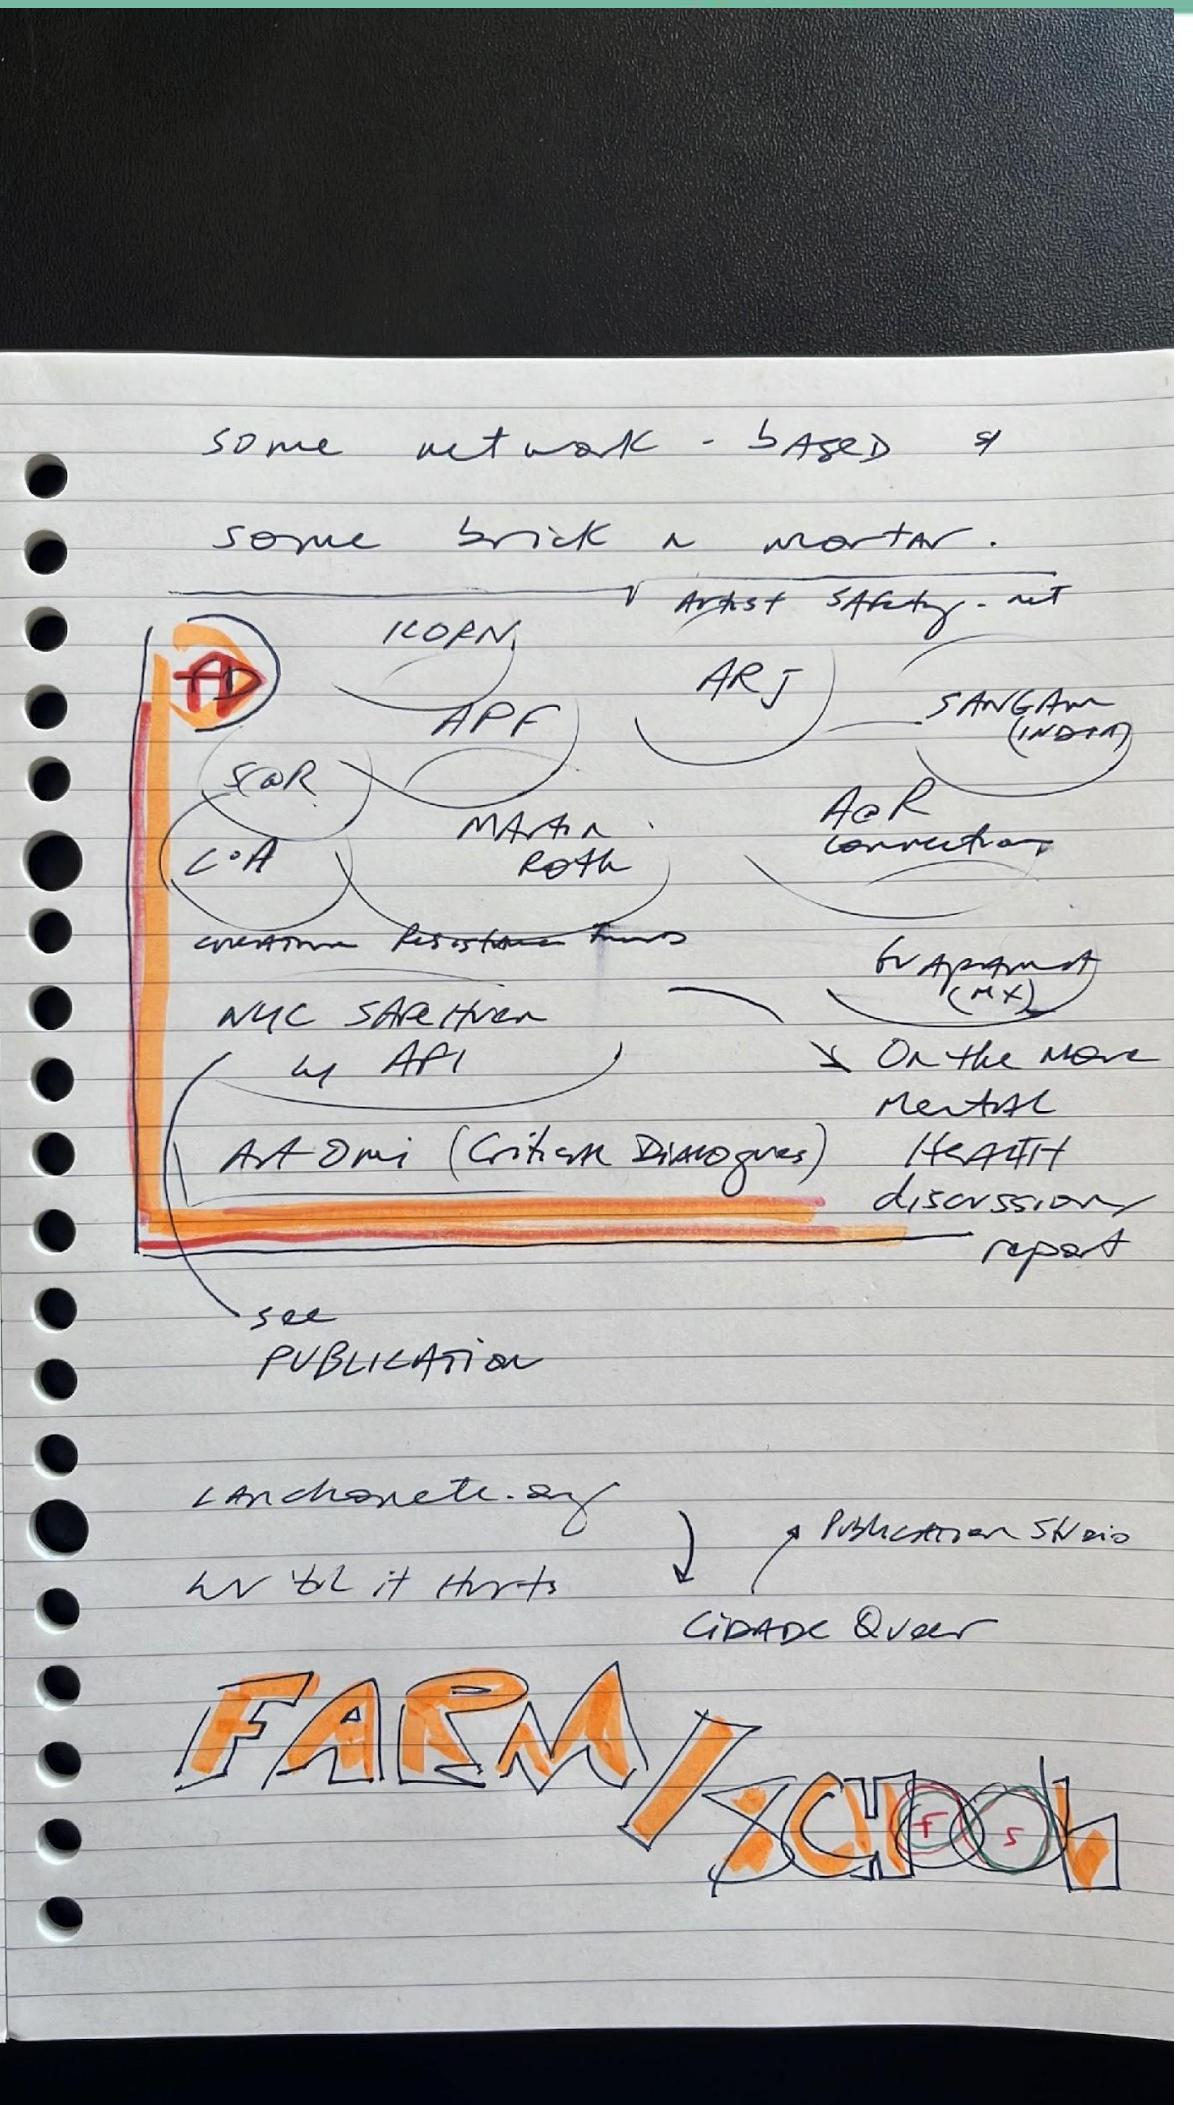

Lanchonete.org* (2012-2018), *right to the city in São Paulo*

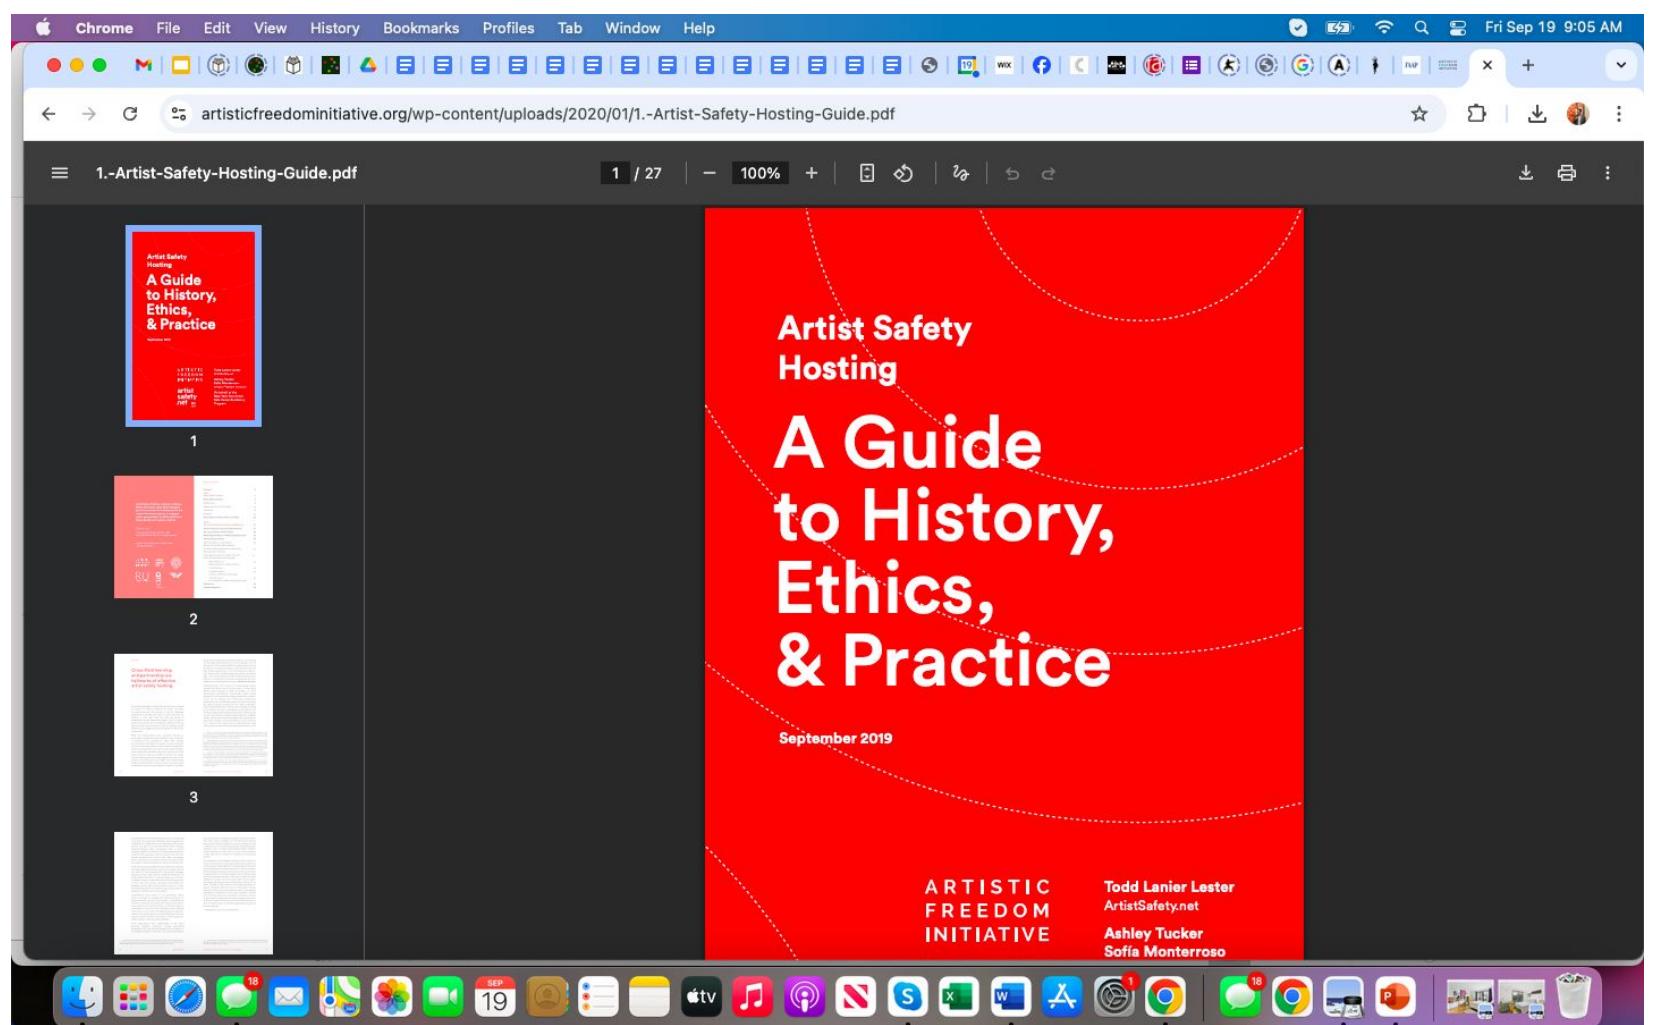

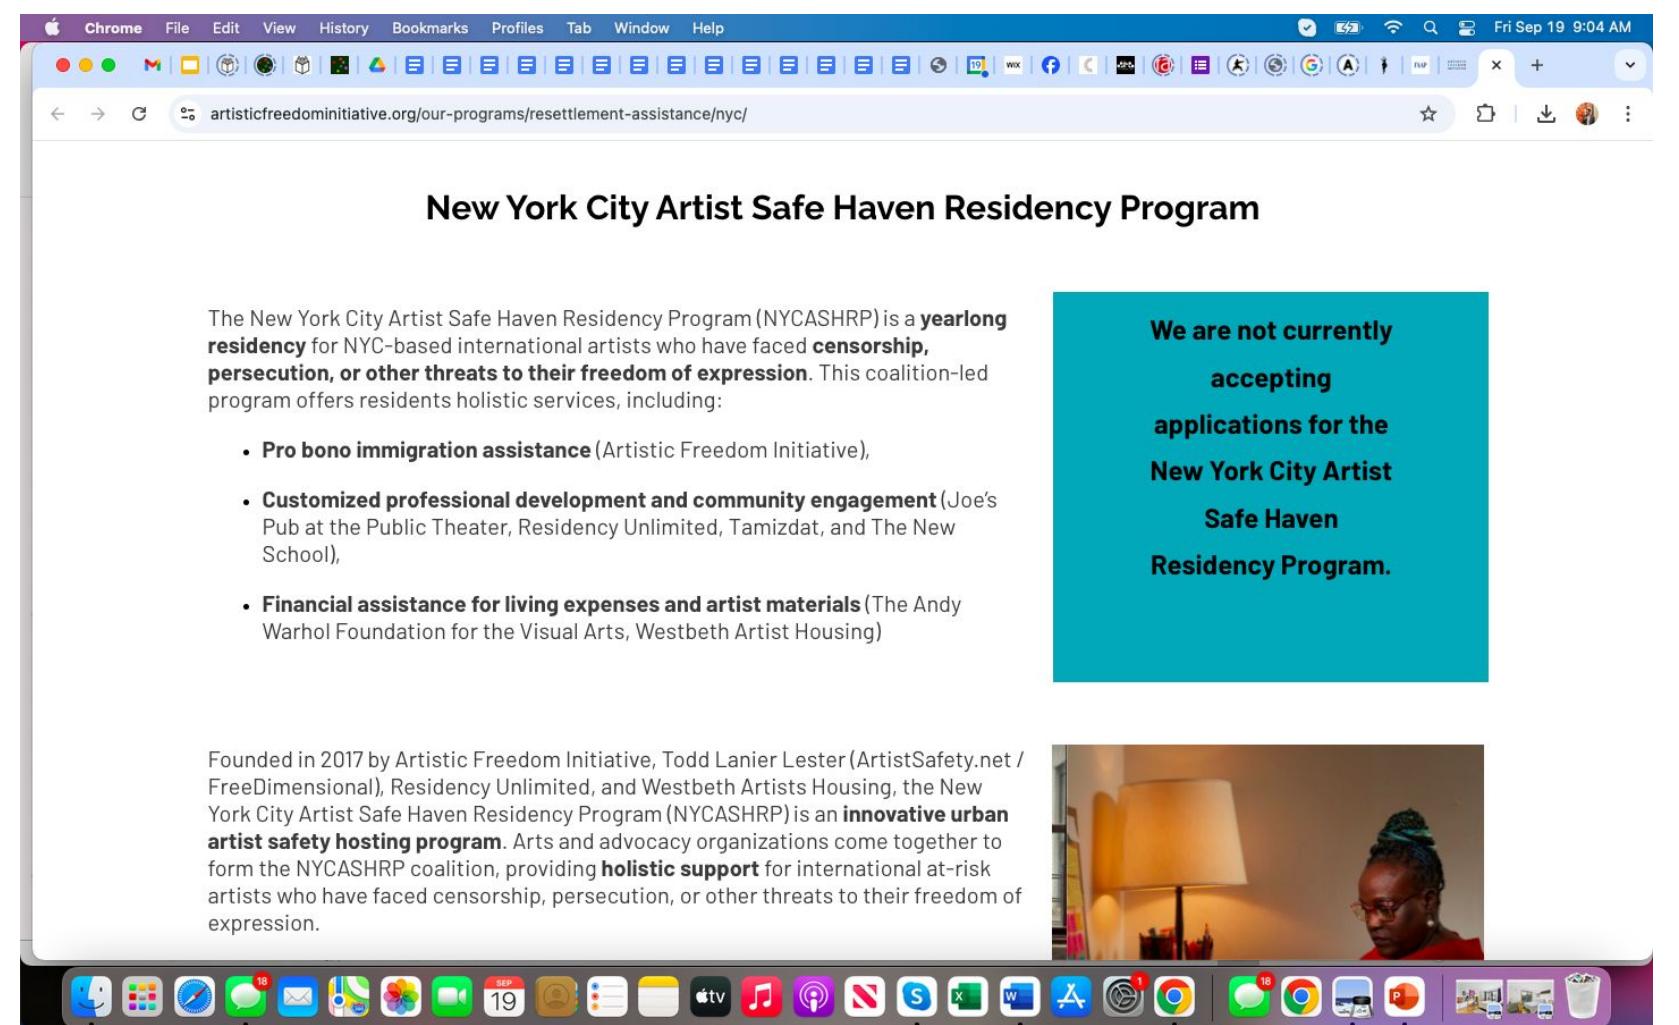

Luv 'til it Hurts* (2020-2022), *hiv + stigma [int'l, rhizomatic]*

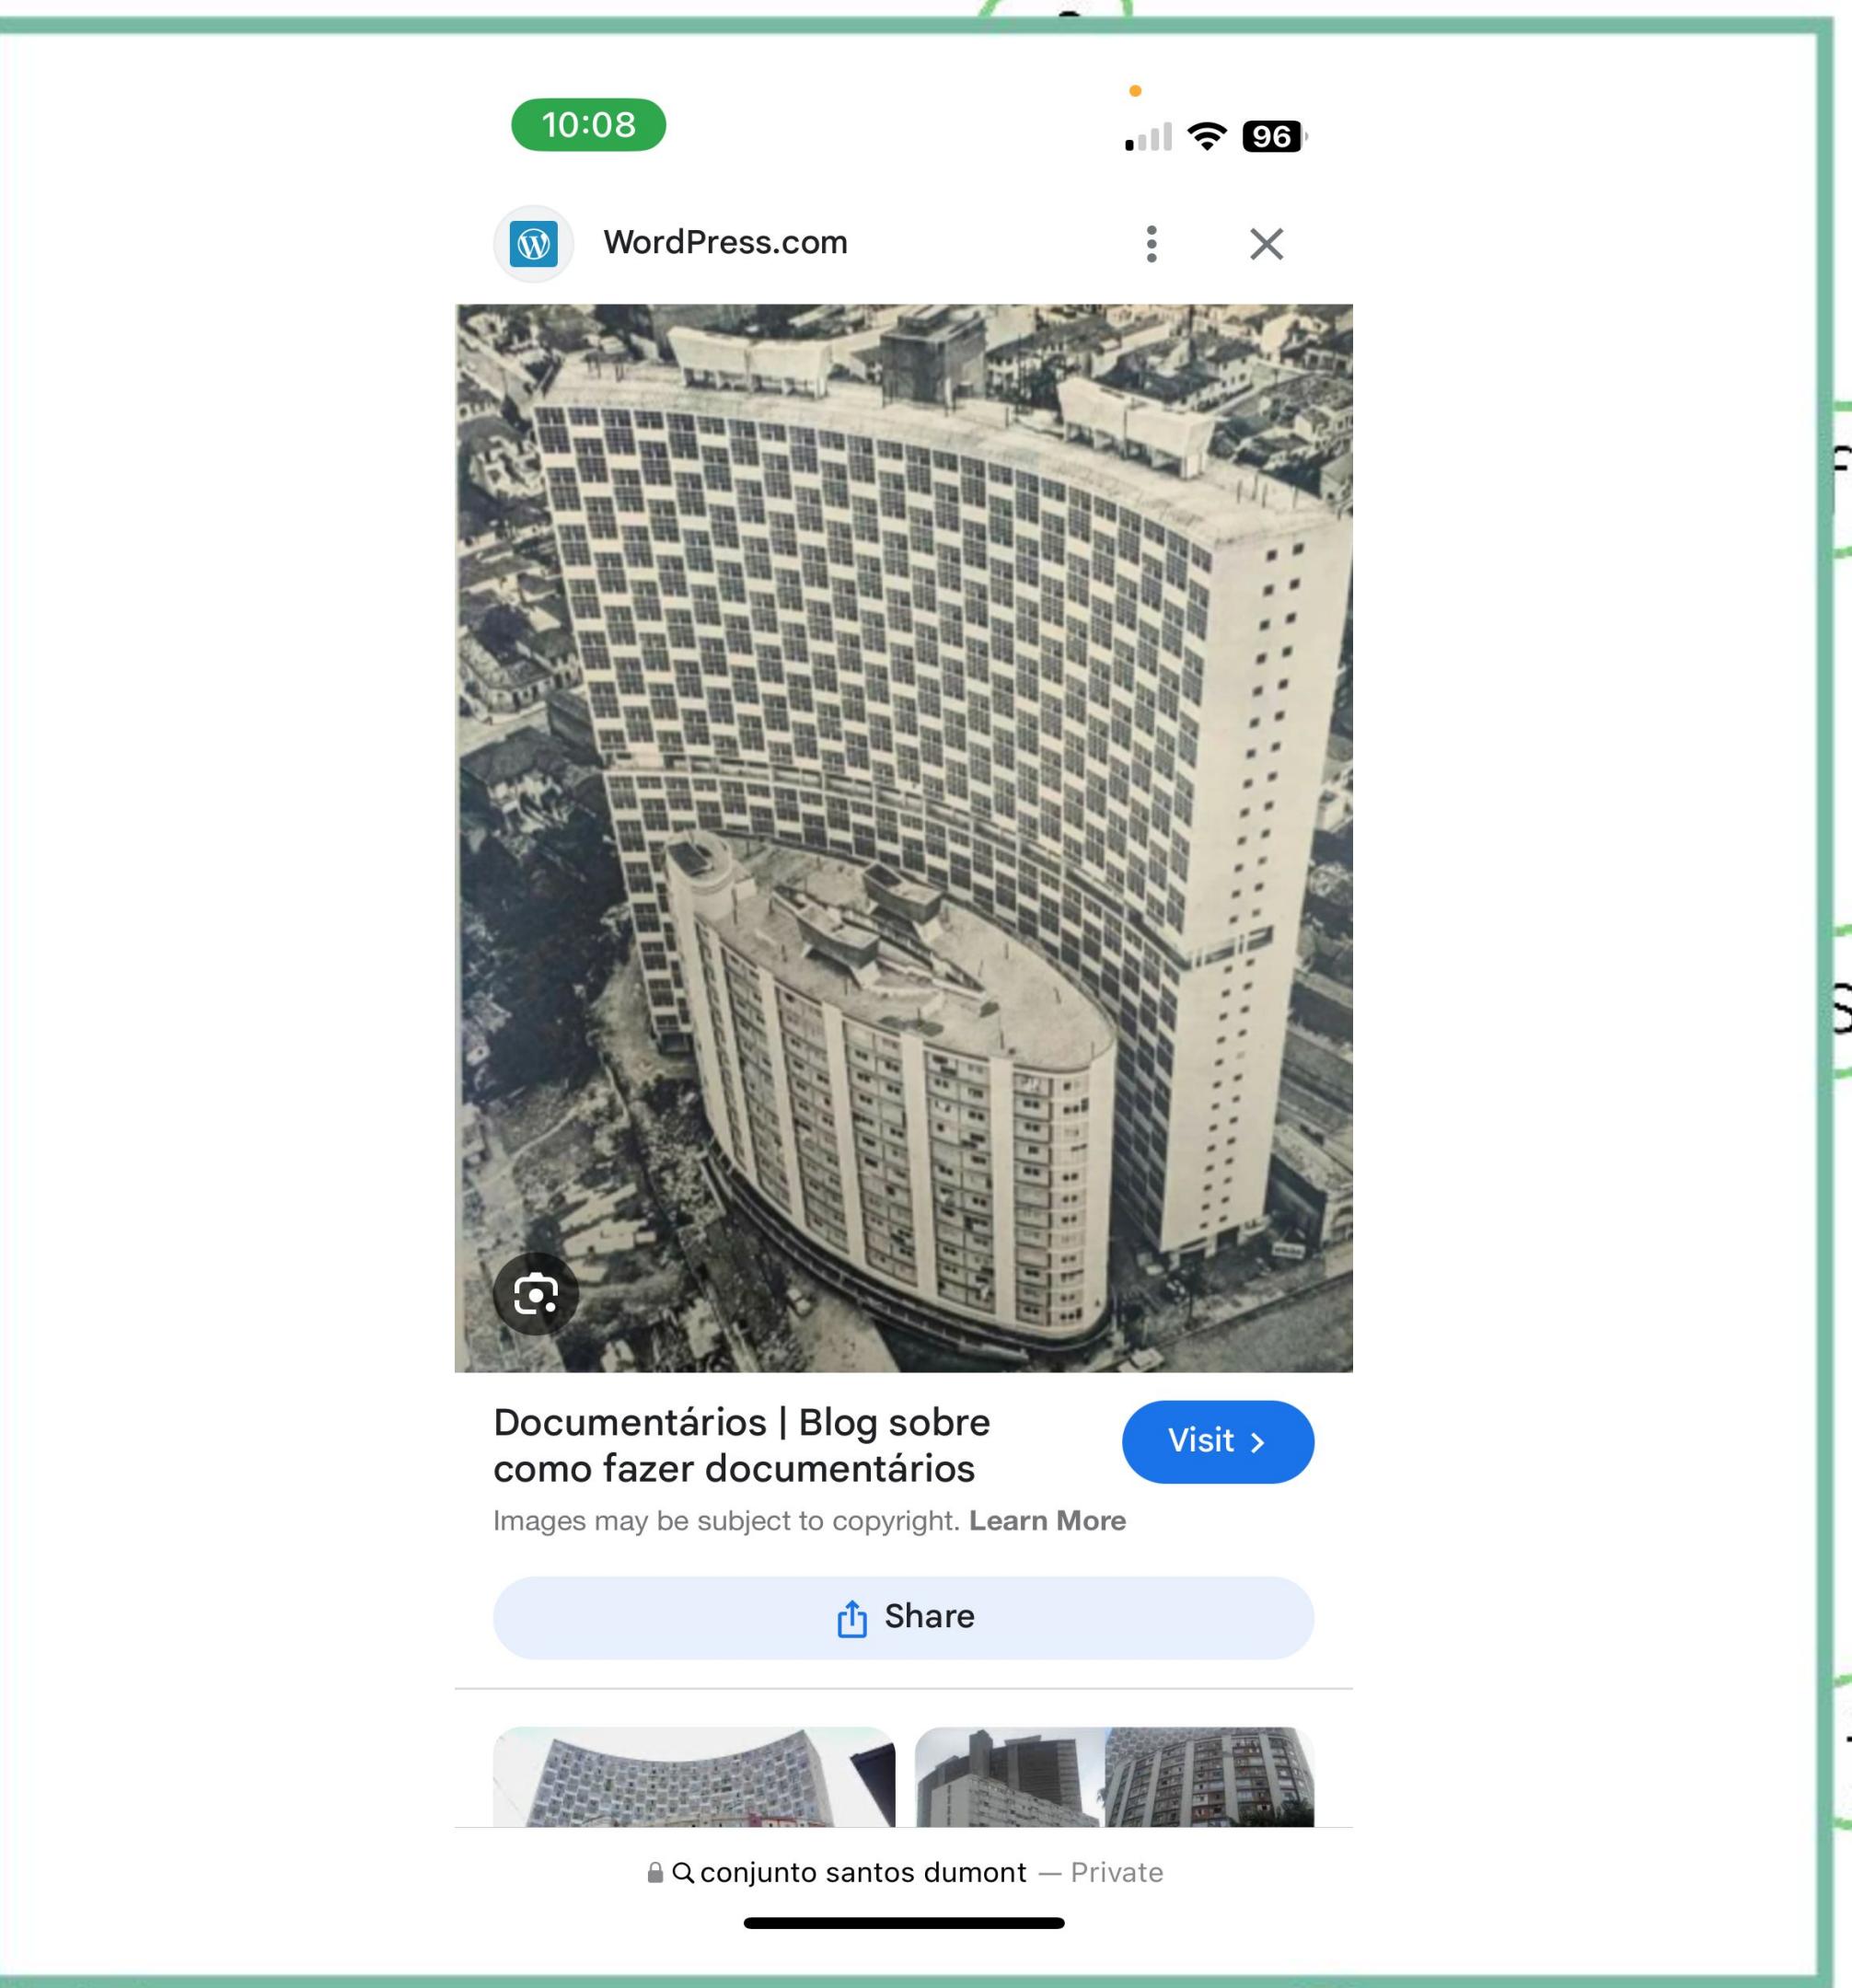

[interspersed / byproduct:]

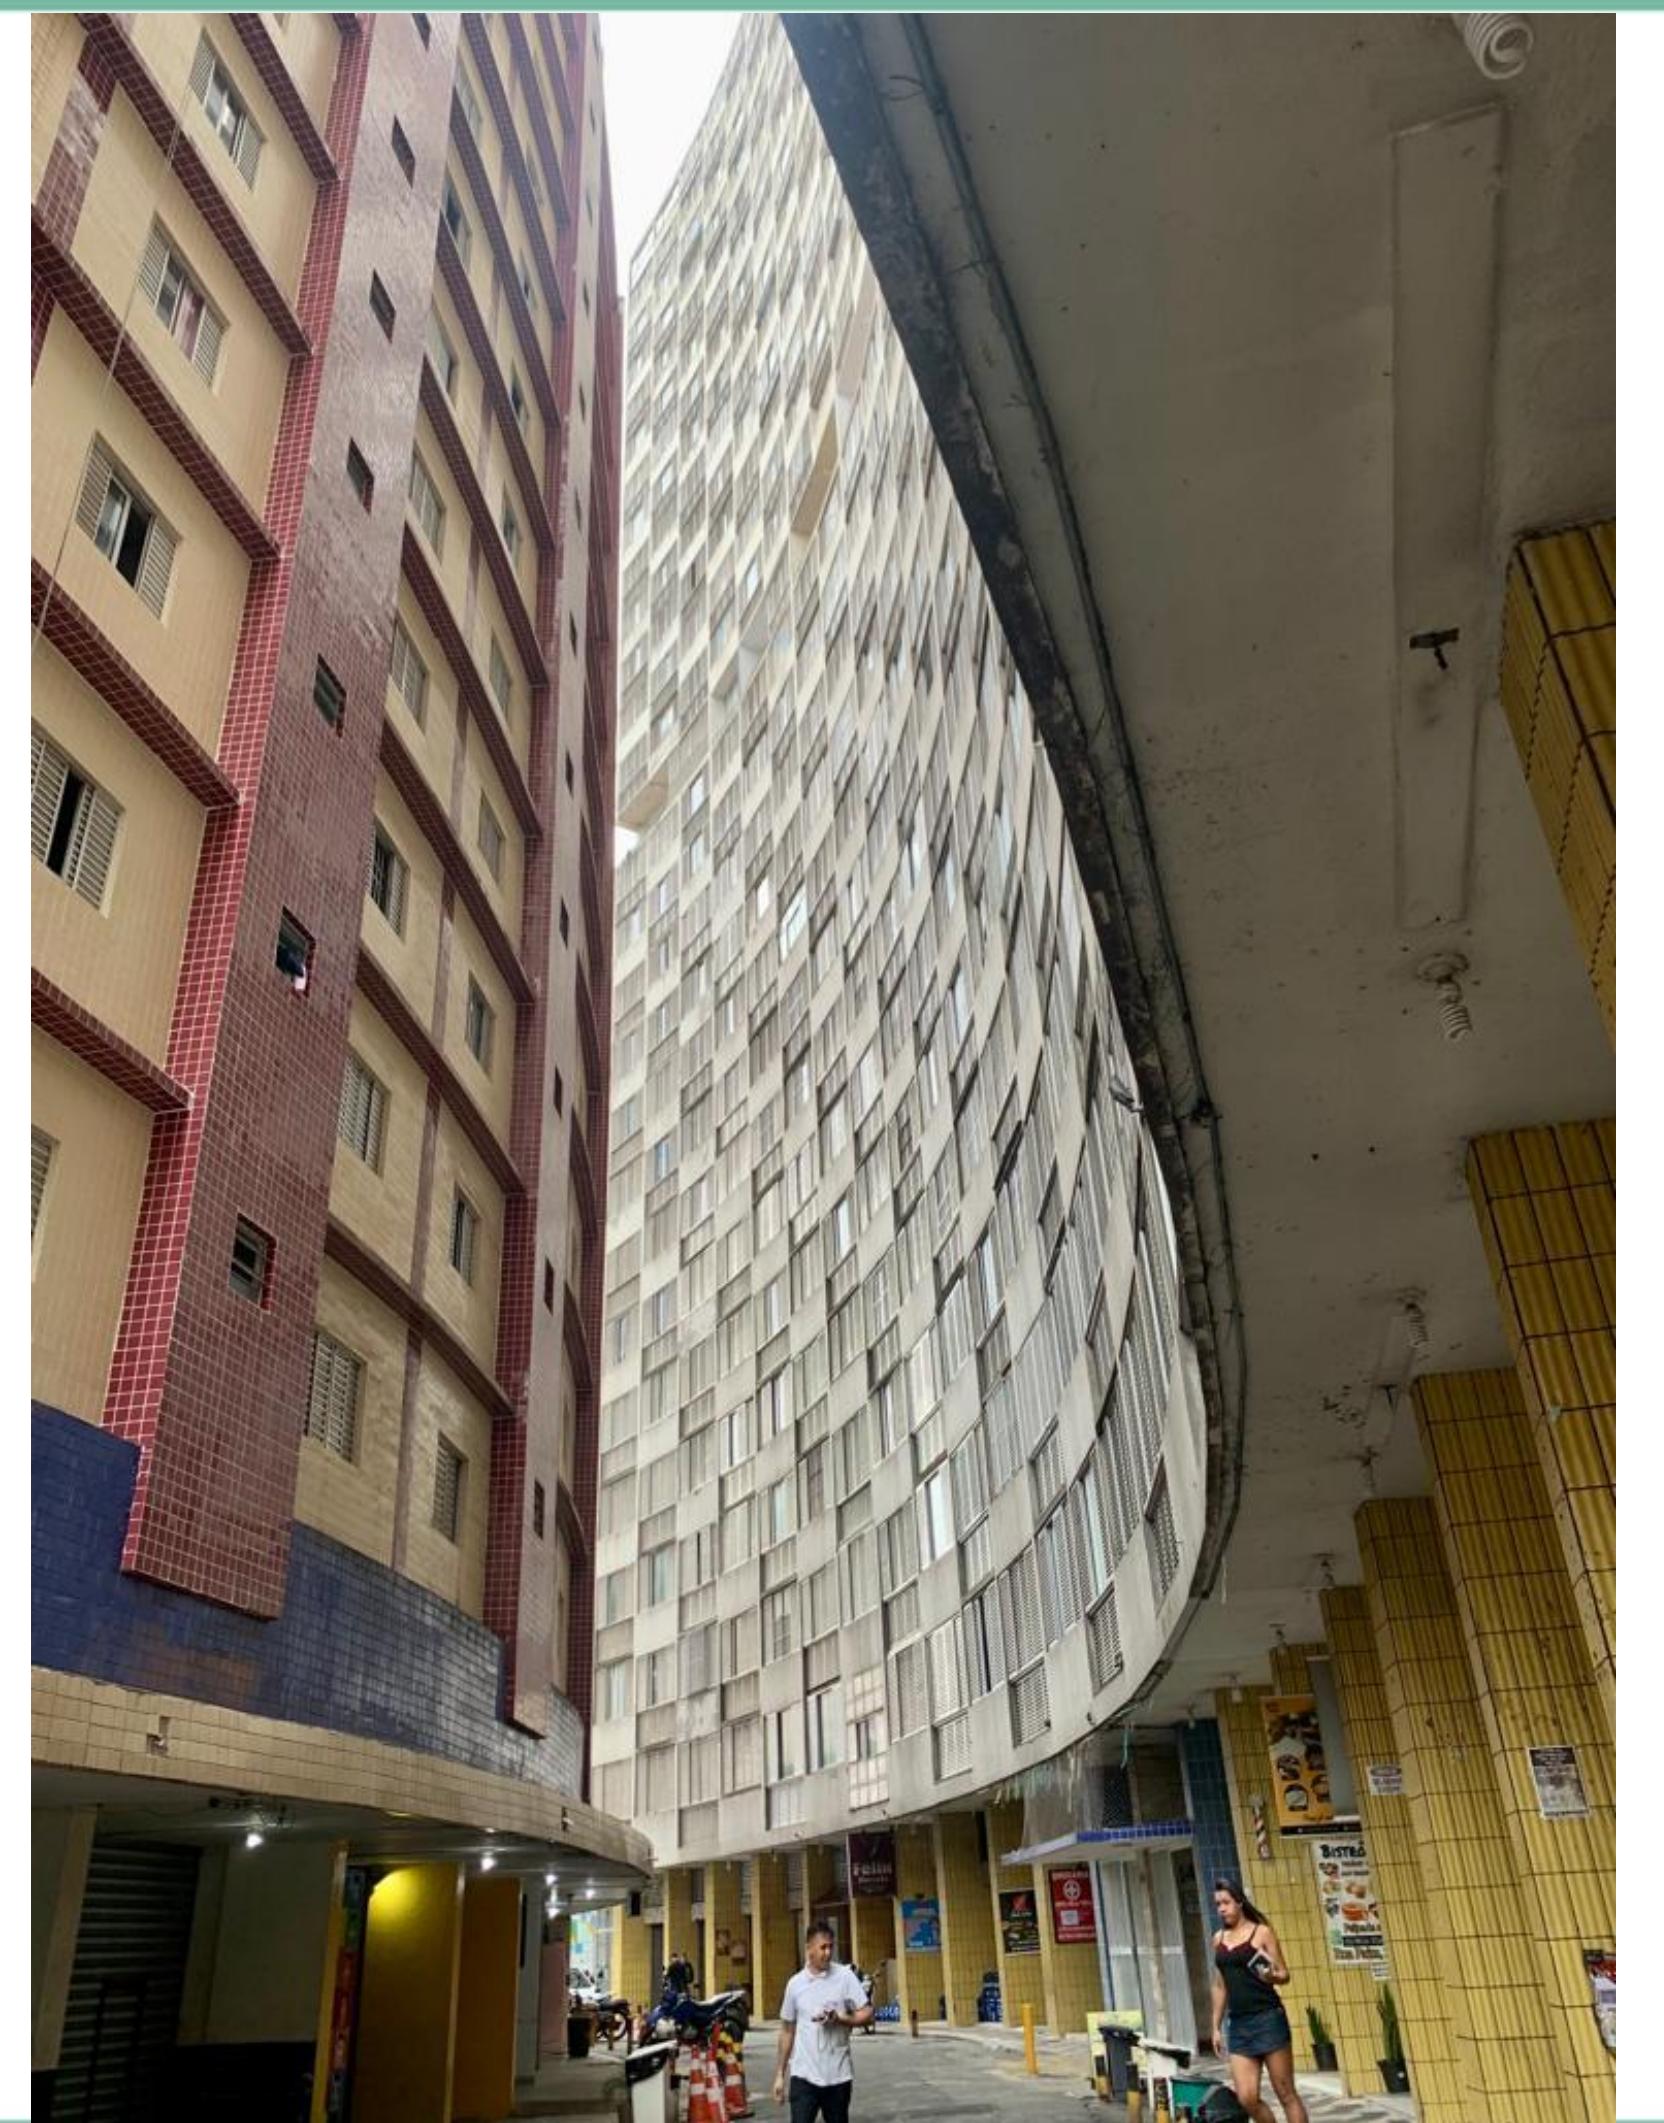

el mejor karate© (beg. 2011), *Mexico City, Cairo, São Paulo graffiti exposure*

FARM / SCHOOL* (arrives approx. 2035), *homecoming / going in Tennessee*

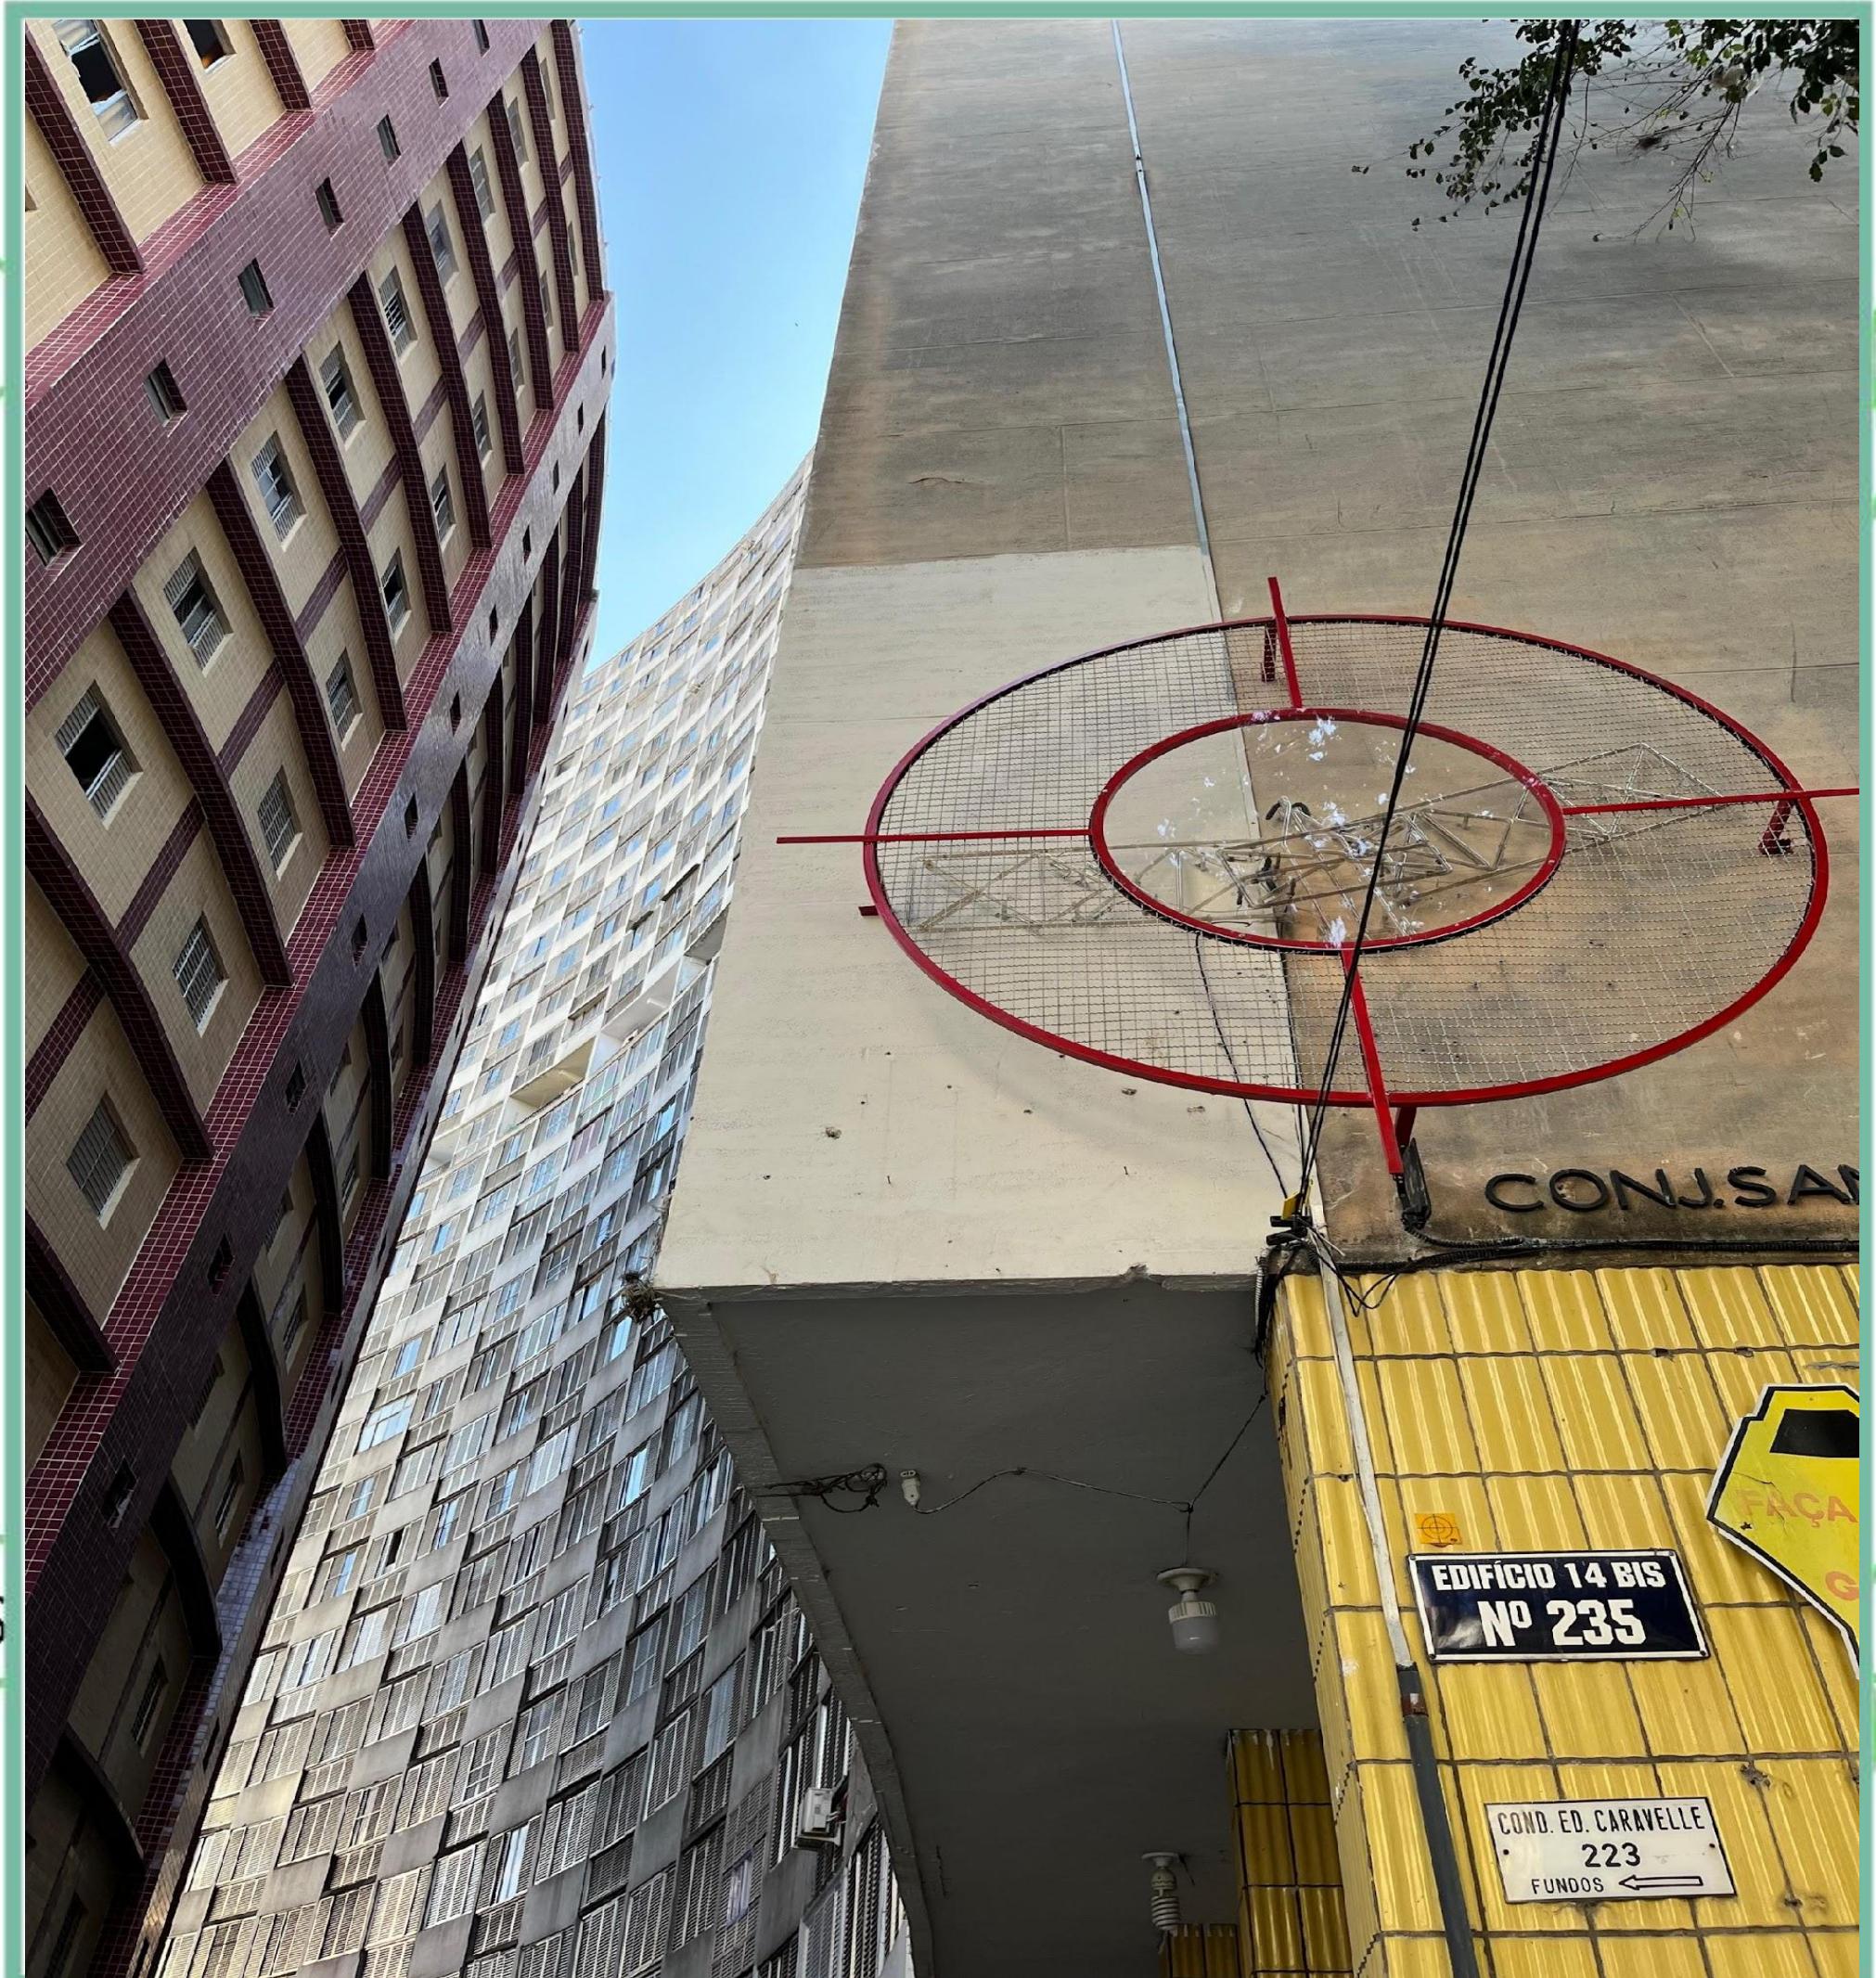

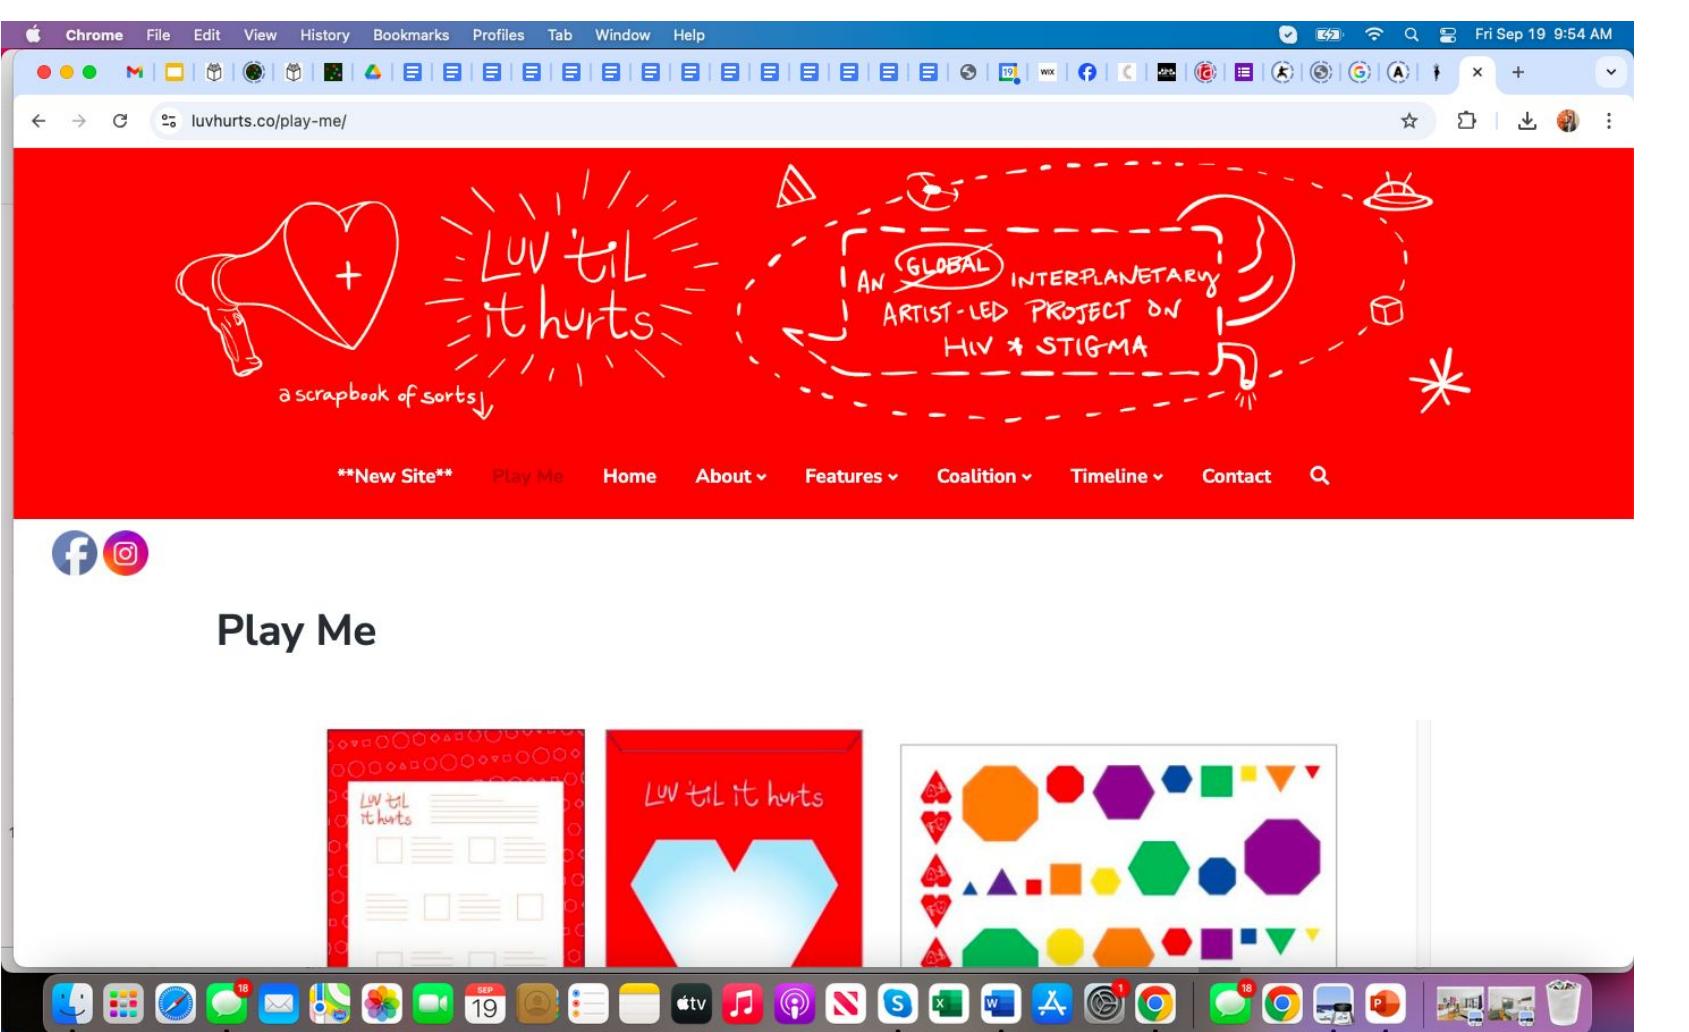

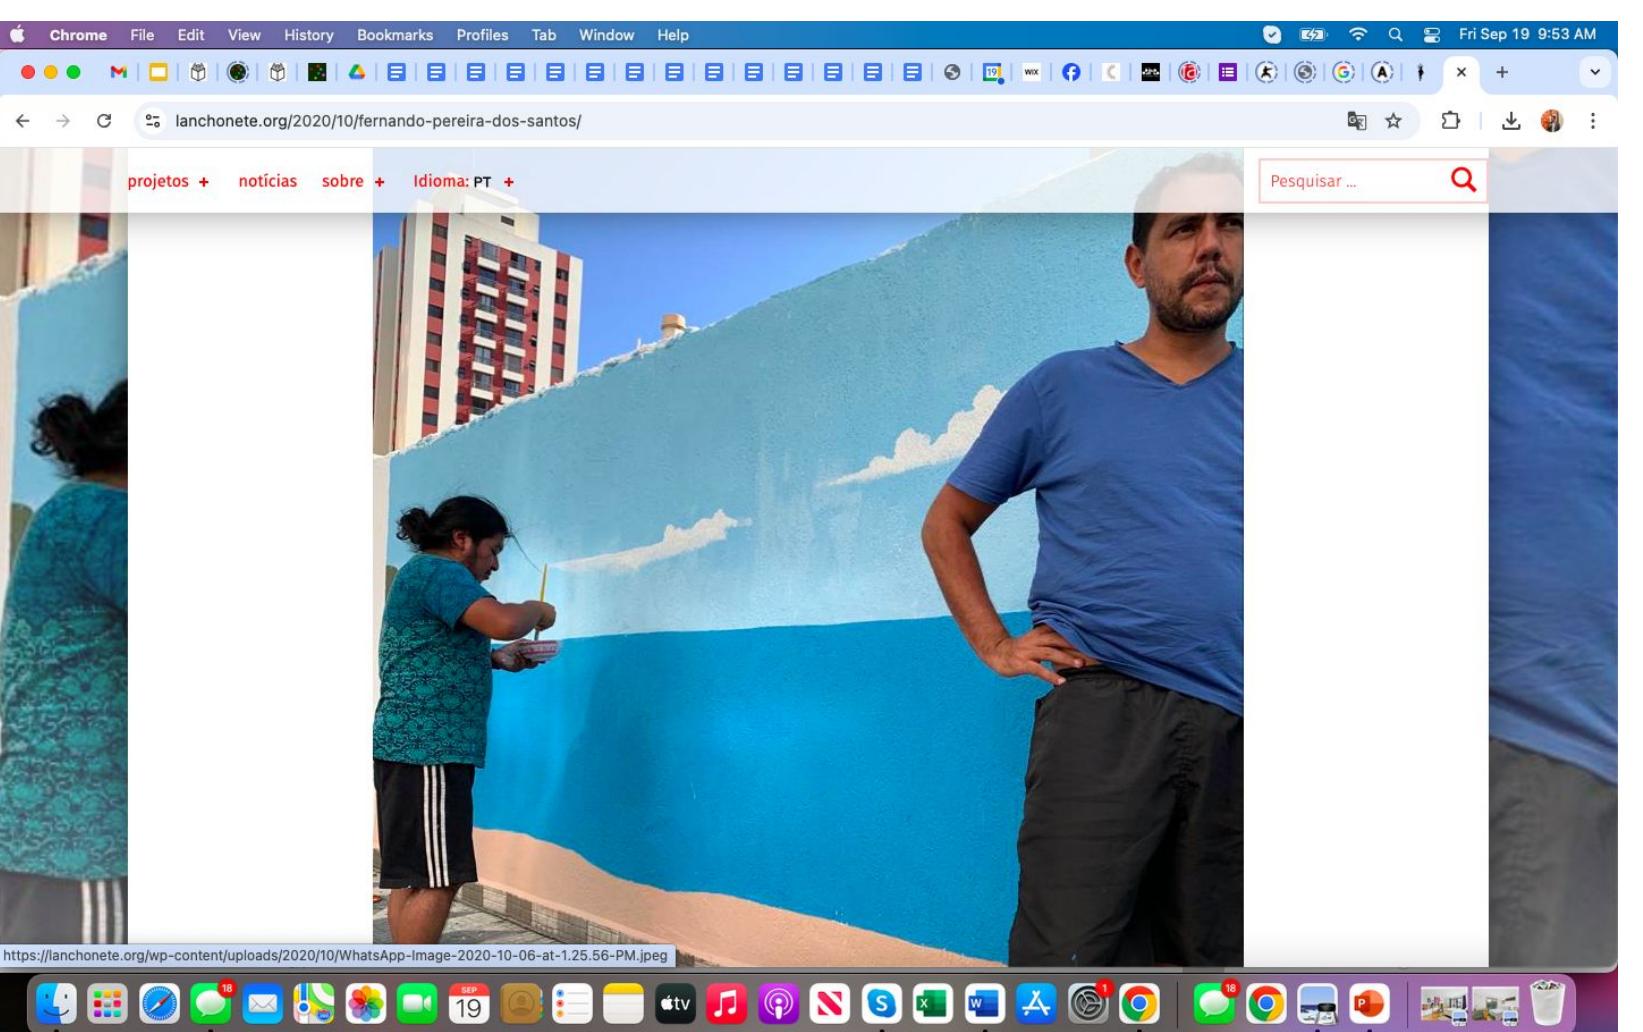

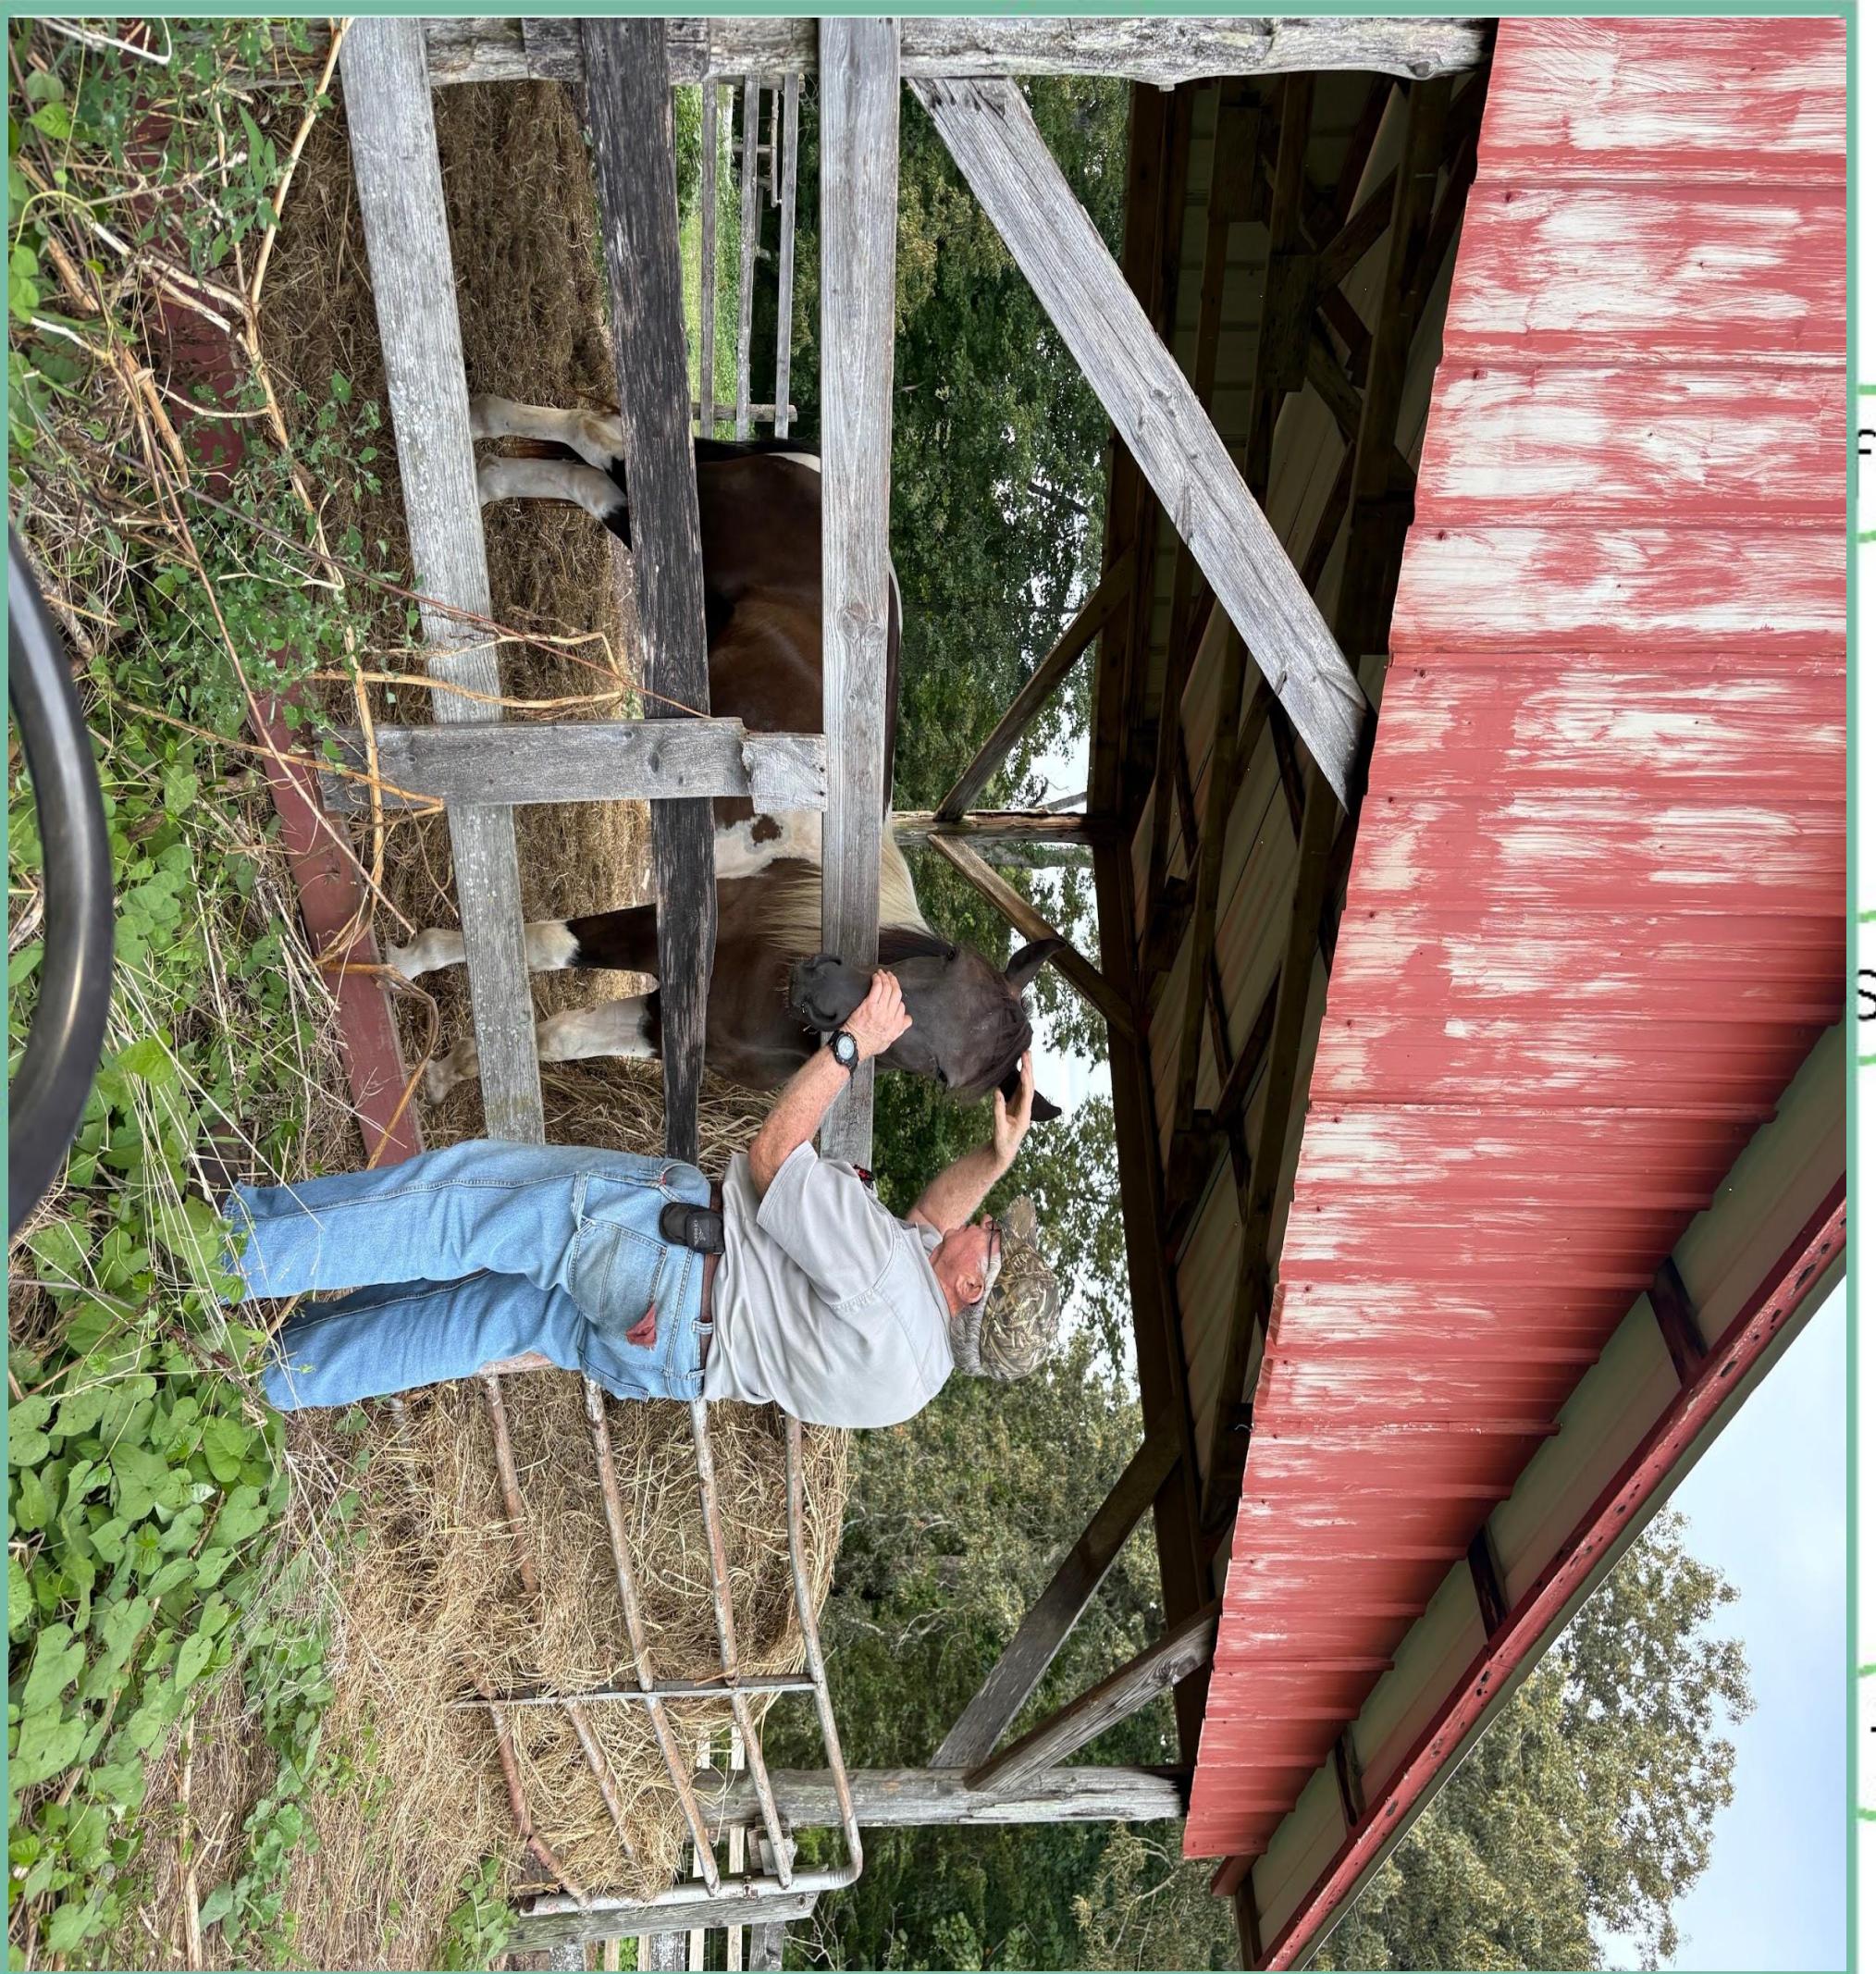

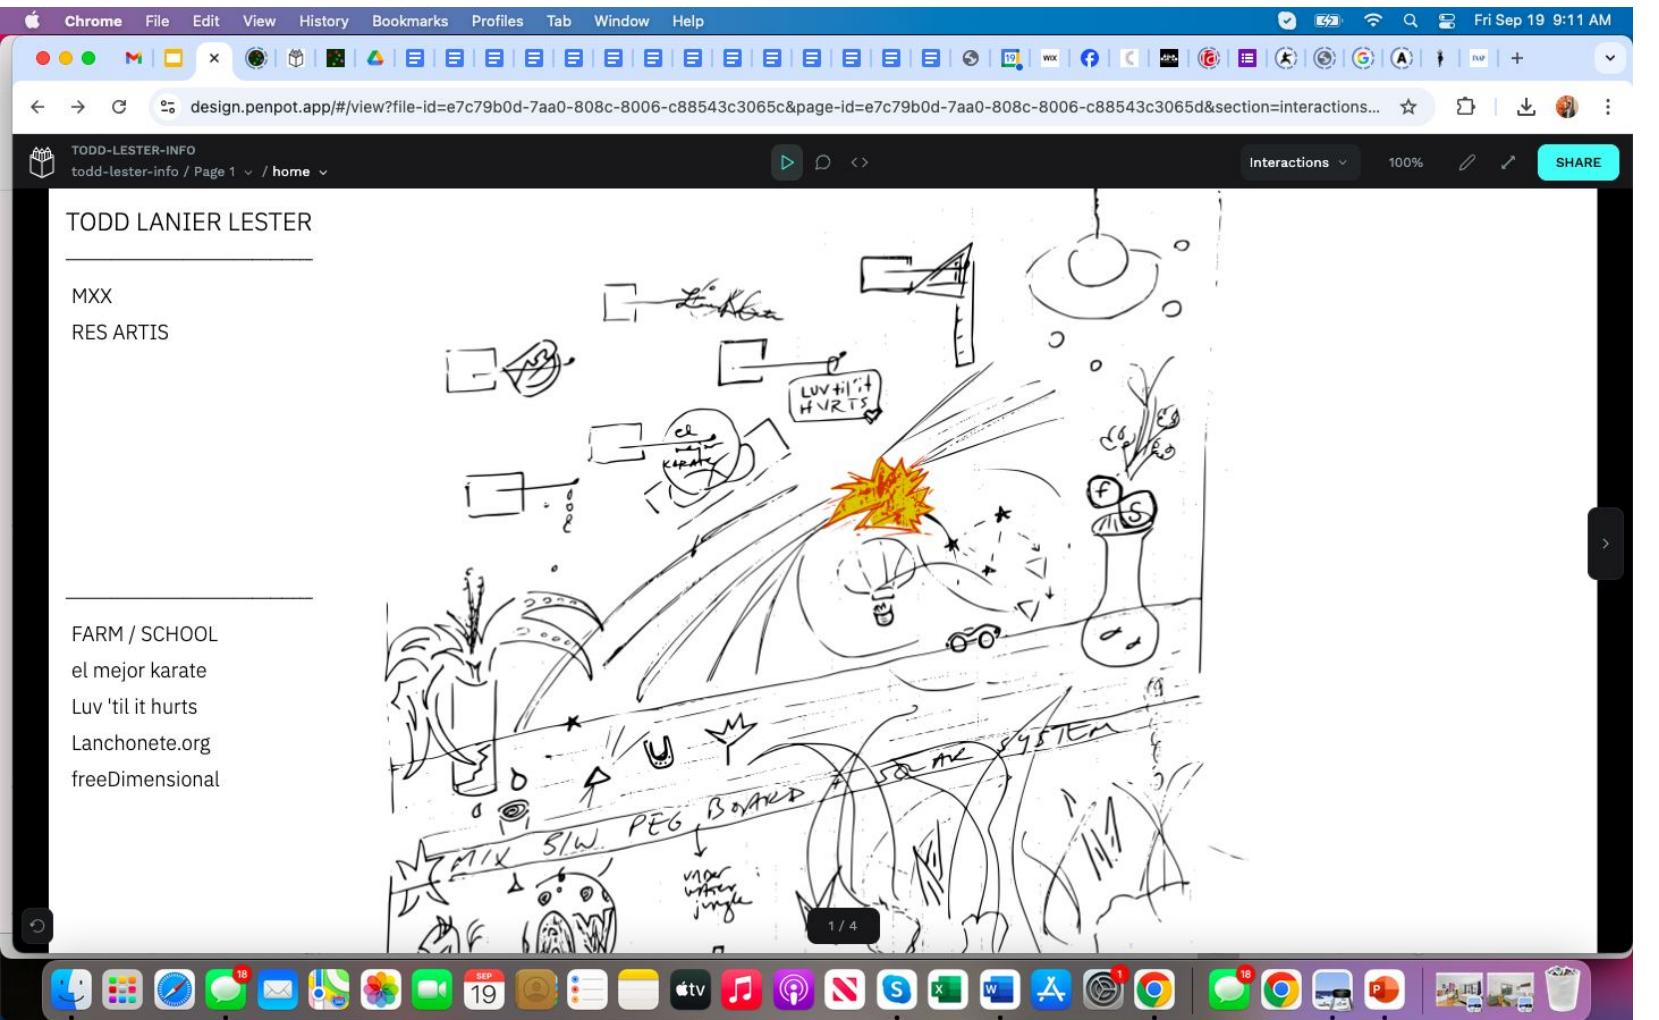

methodology; is [not] magic; or so I've come to learn over the 'course' of the series; the 20 years or so I've been watching my practice.

emk watches more closely and is generally a meta-brat...the things that come out of his mouth?!\$#

one day soon, I'll explain myself better, compiling these methods in a more cogent format. It'll be here:

I plan to make this archive in a residency somewhere far-flung.
